## INTRODUCTION :

KS Park Electricals is a full project based electrical engineering company. The founder of the firm, Mr. Ravi Kumar, has over 25 years of work experience in this field. The company has expertise in all aspects of electrical building systems including creative lighting design, power distribution, UPS and emergency power, communications systems and special control systems in both the public and private sector.

KS Park Electricals is involved with a variety of electrical work, ranging from: Domestic to Industrial Installations and Electrical Contracting. In conjunction to our general electrical work, KS Park Electricals has successfully completed larger contracts with electrical consultants. We pride ourselves on quality workmanship and service excellence. KS Park Electricals is an authorized company and registered with all relevant Authorities.

We regard our work ethics in highest nature, to be productive and pro-active in our projects to be accountable for all work undertaken by KS Park Electricals. We pride ourselves in quality that speaks for itself without compromising safety and reliability. We respect that each project deserves our attention to detail attitude.

At KSP, we approach each client with the specific intent of creating trust holding him in the highest regard as the most important member of the project team.
